

LEADERSHIP IMPACT KEYNOTE

Today, a new opportunity is emerging, one where we recognise that everyone has the ability to exercise leadership. An approach where organisations thrive through the power and impact of their people. Where we start by asking and answering the following big questions:

- **WHY IS IT SO IMPORTANT THAT WE EXIST?**
- **HOW CAN WE GET THERE TOGETHER?**
- If we lived our purpose; **WHAT CAN WE BECOME AND WHAT DO WE NEED TO FOCUS ON?**
- **WHO WILL GET US THERE?** And **WHO'S ACCOUNTABLE FOR WHAT?**

We call this **Leadership IMPACT**, and it enables your teams to have clear intent, in alignment with your organisations' purpose and strategy. It allows teams to leverage each other's strengths, deepen trust, and develop accountability, ultimately lifting performance and delivering outstanding outcomes.

In this session Michelle will:

1. Introduce you to the power of **IMPACT** and how it can take you to a whole other level in terms of your performance.
2. Help you, regardless of your role, understand your path to **IMPACT**.
3. Identify and harness those aspects of your teams that can be leveraged to unlock potential, create deeper trust and improve empowerment and teamwork.

Be prepared to walk away with a desire to take action, be energised about the possibilities and have a willingness to embark on your teams' road to success.

'For those who value real connection, engagement and a desire to walk away energised to exercise leadership in a more meaningful way.'

'Michelle's own leadership and executive experience allows her to weave real stories into her speaking and ensure she is relatable, credible and inspiring to a broad range of audiences.'

'Michelle was engaged by our company to present at our Annual Training and Team Building Day themed around Empowerment and Leadership. Her presentation was both inspirational and practical on how to improve our impact by working as a team We all came away with a newfound confidence on how our individual leadership styles can have impact in our workplace.'
